FIVE CENTS

FUR - COATS.

A word about these is not unseasonable just now. There is no denying the fact that for a cheap and reliable coat the Wombat "takes the cake." This coat is better known as the Australian Bear and while it costs comparatively little there are few coats made that will out wear it. Early this season we secured 50 of them--and not an unprime one among them, which we can and will sell for less than anyone else in Brandon. Come and see them.

Of course there are other Fur Coats--lots of them among which, the most trustworthy are the "Coon" "Bulgarian Lamb." "Bison," "Kangaroo" & "Meshoni."

Later we'll have something to say about these coats--till then watch our big new window, there'll be something there that will interest you if you want to buy a fur coat.

When calling on us ask to be shown that elegant, dressy overcoat of heavy serge, ornamented with frogs and loops and a large rolling storm collar at \$12.50.

MILLER & CO.
BOSTON CLOTHING HOUSE,

Fire at Milwaukee.

\$20,000,000 Property Destroyed.

Milwaukee, Oct. 28.—Scores of blocks of Milwaukee's large business firms, together with hundreds of frame houses were destroyed by fire to-night. Commencing at 5:30 in an oil establishment on East Water street, near the river, the flames, driven by the fearful hurricane which was blowing, spread with rapidity to the lake, over half a mile to the east. It is utterly impossible to estimate the loss with any degree of accuracy. Even a complete list of the big business houses cannot be obtained, while to these must be added the small individual losses of hundreds of small property owners whose houses and household goods have been destroyed. As it is the loss will probably amount to \$20,000,000 or \$25,000,000.

The tract burnt is over half a mile east and west, and a mile north and south. Owing to the hurricane which was blowing, the fire department was powerless.

Factories five to seven stories high, supposed to be fire proof, burnt like paper. After wiping these out, the fire found easy prey in the scores of blocks filled with frame houses.

Alarms came in every few minutes from parts of the city widely separated and it is thought that fire bugs helped in the work of destruction.

Acres of land, embracing the great manufacturing district of the city have been devastated, and now lie a mass of smouldering ruins. Almost the entire southern division, from East Water street to the lake, has been consumed.

Early in the evening when it was seen that local firemen could not master the flames telegrams were dispatched to Chicago, Racine and nearer cities for aid, all of which responded promptly, bringing fire engines and men to assist in fighting the fire.

So far as known only one fireman lost his life. He was crushed by a falling wall. The conflagration is still raging at 1 a.m. though pretty well under control.

CITY COUNCIL.

A special meeting of the City Council was held on Monday week.

THE CLAN GORDON CONCERT.

On Friday night last, the concert given by this society took place in the Opera Hall. A large audience was present, who were most enthusiastic in their reception of the different singers, and almost doubly so when Pipe Major McSwain and Mr. Campbell came on. The songs by the different performers received great applause. Miss Lee's song "Golden Love" received what it richly deserved, an "encore". Mrs. Thompson, who most kindly sang an extra song, would, we thought, have added much to the pleasure of the entertainment, if she had responded to the encore her songs in both cases so well deserved. The orchestral selection were exquisitely played as also another piece by the same performers.

Messrs. Butcher, Meggett, and Matthews, Mrs. Brisbin played a piece solo beautifully. Messrs. Achesley, McInnis and Irwin, all sang solo, the Dr. receiving an encore in his song "Paddy Shan". The songs by the Quartette Club received the applause that is always their due.

The Chef-d'œuvre of the evening was the Pipe Major and Mr. Campbell. The Pipe Major's playing of the pipes, was what was to be expected from the position he has held. Mr. Campbell, in all his dances, danced with great taste and elegance, he and the Pipe Major being encored each time. It is hard to say which was his best dance, as they were all so good.

Good Tidings for the Farmer.

The Massey-Harris Co. Make a Big Reduction in the Price of Machinery.

We are in a position to state definitely that the Massey-Harris Co. (limited), of Toronto, manufacturers of harvesting, haying, cultivating and seeding machinery, have made another reduction in their prices ranging from 10 to 15 per cent.

As most of our readers know, this company is an amalgamation of the five strongest companies in Canada. When it was organized a little over a year ago it was stated by the directors that a combination of the several companies would effect a saving in manufacturing, distributing and selling their products, and it is now gratifying to note that this policy is being pursued by this company as they made a reduction on the price of their first year's out of from 5 to 7½ per cent and now this further reduction.

The Massey-Harris Co. have a very large and extended export trade to all grain growing countries, except the United States, where the tariff is prohibitory, and their present action is so largely reducing prices cannot but have a marked effect upon their trade in Canada. They have extensive factories at Toronto, Brantford and Woodstock and are the largest manufacturers in their line under the British flag.

COMMUNICATION.

To the Editor of the MAIL:

SIR.—Though opposed to Mr. Daly on several political points, I am glad, and quite think we ought all to feel glad, that he has been selected to fill so important a position as the Minister of the Interior. It certainly is a great honor that Brandon should be able to produce two such men as Messrs. Sifton and Daly to fill two of the most important positions that Canada can offer, and both men of such commanding influence as each has in the Houses they sit in. It is far better that a man of Mr. Daly's abilities, an equal probably of Sir John Thompson, should fill the position than a man of his ability, who would be far more likely to knock down to Sir John than it is to be hoped Mr. Daly will do. Besides, it is to be expected that, knowing as he does, the importance the Hudson Bay Railroad will be to this part of the Dominion he will throw his influence in to the scale in its favor, especially as he well knows the east will throw every obstacle it possibly can against its construction. This point ought to be impressed on the mind of Mr. Daly when he comes again for re-election.

Yours etc.
T. SPENCE.

DEATH OF MRS. HARRISON.

Washington, Oct. 24.—Mrs. Harrison, wife of the President of the United States, died this morning. Mrs. Harrison has been ill for a length of time, and thought on several occasions it has been reported that she had rallied, still few if any hopes were entertained of her ultimate recovery.

Washington, Oct. 27.—The funeral services over the body of Mrs. Harrison were conducted at the White House in 10 o'clock this morning in the east room in the presence of the family and immediate friends and many notable persons. Rev. Drs. S. H. Hamlin and Birtlett officiated and the services lasted three-quarters of an hour. The remains were taken to the Pennsylvania railroad station and conveyed to Indianapolis on a special train leaving about 11.40 o'clock.

RHEUMATISM NERVOUS DISEASES CAN BE CURED

ELECTRICITY, AS APPLIED BY THE OWEN ELECTRIC BELT AND APPLIANCES,

Is now recognized as the greatest boon offered to suffering humanity. It is fast taking the place of drugs in all nervous and rheumatic troubles, and will effect cures in seemingly hopeless cases where every other known means has failed. It is Nature's remedy, and by its steady, soothing current is readily felt, POSITIVELY CURES Nervous Prostration, Rheumatism, Sciatica, Kidney Disease, Varicose, Lumbar, Lame Back and Dyspepsia.

RHEUMATISM

"For twenty years I have been a martyr to rheumatism, suffering at times the most excruciating pains, from which I could get no relief, for doctors' medicines, painkiller, etc., had no effect on me, and it was only when I got the Owen Electric Belt that I began to feel better. I am thoroughly cured, and have been so for months. The Belt action was most marvellous, removing the pain in a few days."—H. SCHMIDT, 22 Vanaunder Street, Brandon.

NERVOUS DISEASES

"Thousands of people suffer from a nervous condition, Loss of nerve force or power; doctor who would try to act as a curative. It is the Owen Electric Belt that restores the nerve force and power, important to the whole nervous system."

KIDNEY DISEASE

"Your Belt has done wonders for me. It stopped the bleeding of my kidneys, which were so bad that the doctors failed to help me. I am satisfied it saved my life, and I am a wonder to everybody who know how bad I was."—W. P. PETERSON, Bluevale, Ont.

LUMBO AND LAME BACK

"On the advice of my doctor, after everything else failed, I got an Owen Electric Belt for a severe attack of lumbo and lame back. At the time I was so bad I could not stand up without pain, and I could not sit up without pain. I was using the belt for a short time and the pains are all gone and I am as well as ever. I know it is the Belt cured me, and I would not be without it for \$100."—W. J. LEWIS, conductor C.P.R., Owen Sound, Ont.

DYSPEPSIA

"For over four years I have been a sufferer from Indigestion, catarrh and nervous prostration. The Owen Electric Belt does the work of a doctor and cures the disease. I am perfectly well and free from every trouble."—A. McDONALD, Maclellan, Ont.

WE CHALLENGE THE WORLD

"To show an electric belt which the current is under the control of the patient as completely as this. We can use the same belt on an infant that we would on a giant by simply reducing the current. Other belts have been in the market for live or ten years longer, but ours is the only one that is made for the human body. It is the Owen Electric Belt for four months ago, and have worn it since with the most beneficial results, for I am perfectly well and free from every trouble."—A. McDONALD, Maclellan, Ont.

A COMMERCIAL EPISODE.

A few days since a young lady from one of Brandon's Leading Families ordered two handsome Fur Trimmed Coats sent to her home on approval, one was from the CHICAGO STORE the other from a West Rosser Avenue Establishment. On careful examination she found them exactly alike even to the buttons, but when it comes to the price. Oh, my!! \$16.50 was the West Rosser price, while \$12.00 was what the Chicago Store sold theirs at. It is needless to mention that East Rosser gained the victory, while the other firm were left to find some unsuspecting person who will pay them \$16.50 without first seeing what they can do elsewhere. The above is no fairy tale nor an advertising fake, but solid fact which we can prove to the satisfaction of any one interested.

The Carman Standard has an article favoring remedial legislation in the interest of Separate Schools in Manitoba, which appears to be endorsed by the Free Press, that calls for some comments. There is no questioning the right of Roman Catholics to contend they were convinced Separate Schools were guaranteed them by the constitution, as nearly all considerate men of different religious beliefs who were not blinded by partisanship, were of the same belief, until the decision of the Privy Council was reached. It is also true as the Standard points out that we Protestants cannot claim the school lands were set apart for the education of the majority; but neither can the Roman Catholics contend any portion of them was intended for the education of a minority. They were set apart for educational purposes, and as the law stands it is the provincial and not the Federal Government that has the right to define those purposes. It is true that Catholic children are just as much entitled to education as Protestant children are—that is secular education—but certainly not religious education; and if the Roman Catholics will not submit to a system of schools that separates them, the fault is theirs not that of the Protestants. We hold that so long as any form of religious instruction is observed in the Manitoba schools, and so long as text books, especially histories, are used that embody a religious bias they have a right to complain; but with those grounds for complaint removed they must be induced to submit.

The contention that many of the Roman Catholics came to this country in

believe that Separate Schools were guaranteed them counts for little in the face of history. Many came to Manitoba and the territories years ago in the belief this country was in the same relation to competing railways that the other provinces were, but they found a C.P.R. monopoly in force and had to submit to it till it was removed in a legal way. Ignorance of law and its force can never be set up as a ploy in any country, or if tolerated it is sure to work incalculable mischief; and, if defended in this instance the consequences will be very serious. If the Privy Council had given a different decision, we are not sure that many of the friends of Greenway's School Bill, would have acted in a constitutional way and quietly conceded Separate Schools until they could be wiped out in a constitutional way; but that is no argument for defiance of the law by anyone.

But there is another feature to this question to which we desire to call the attention of the Standard, the Free Press and all others who are edging the same way. In the recent elections, the Opposition had in their platform a clause declaring their intention to apply for an amendment to the constitution to enable them to wipe out these schools, if the Privy Council affirmed they were in force. Then how in the name of all that is fair can any men who approved of that platform support an Act from any government Federal or Local to continue them, in the face of the highest court declaring they are out of existence? We must be consistent, if we hope to retain popular respect. The right of the local Government to confiscate Roman Catholic school property, they secured under the late Act is one phase of the question any and every government interested has a perfect right to consider as it has never before been by the Privy Council; but the continuance of Separate Schools by state aid is fully disposed of and must remain a dead issue.

THE PROCESSION.

When it was known that Hon. Mr. Daly was to return from the east on Tuesday evening, his friends determined on a torchlight procession and a magnificent one it was. On the arrival of the train the platform was crowded with an assemblage anxious to congratulate him on his promotion. After the shaking hands portion was over the Hon. gentleman was escorted to a cab in waiting, and the procession headed by the band, was formed. After the principal streets were paraded, he was escorted to his residence at a late hour. The post office building and many business places and private residences along the route of the procession were most tastily decorated with flags, Chinese lanterns etc. all showing the pleasure of the people at the honor conferred upon their popular representative.

The majority of witnesses also favored prohibition, could it be stringently enforced, but nearly all were of the opinion, owing to the geographical position of the Dominion, its enormous extent and the proximity of the U. S., that it must end in failure. Those who had been in prohibition countries had seen its utter

LOCAL NEWS.

Miss Bertrand, who has been paying a visit to Winnipeg, returned last week.

Mr. E. L. Christie has opened up his new store which is a remarkably fine one.

The Western Assayer open here on Nov. 8th. So far the docket is a very light one.

Mr. and Mrs. Smith, of Winnipeg, are paying a visit to their daughter, Mrs. Guy, of Edgar's Terrace.

It is the intention of Mrs. Helyar and family to leave this week for Southern California, to remain the winter.

Mrs. John Dickinson is leaving this week for British Columbia. It is her intention to spend the winter there.

Dr. A. H. Ferguson, of Winnipeg, was in the city last week, and assisted at two important operations at the hospital.

Mr. and Mrs. Gossett Jackson, of Rapid City, spent a few days in the city last week. They were guests at the Langham hotel.

The Knights of Pythias had a large meeting on Wednesday evening of last week. Their membership continues to steadily increase.

The case of William Fraser, charged with arson from the person of one Hobson, is adjourned till to-day at half past two in the afternoon.

Mrs. and Miss Green of Winnipeg, who have been the guests of Mrs. Kavanagh for the past three weeks, returned to their home last Thursday.

Mr. Wain, agent for a Fanning Mill Company, intends making the Royal Hotel, Brandon, his head quarters while collecting for former sales.

The Young People's Guild of St. Matthew's church held a social at the residence of Dr. Spencer, last week, where a most enjoyable time was spent in games and music.

Mr. E. J. Crawford, one of Souris' most enterprising merchants, arrived in the city last week. Dr. Stoye of the same place, was a guest at the Langham. He left for the west Friday.

The Brandon Boat Company are to be found by their old patrons and new friends at E. L. Christie's old stand on the corner of 9th and Main. The manager, Mr. John Morris, will be pleased to show their specimens of new stock to one and all when they call.

On Wednesday evening, the 26th, a special train arrived from the west, having on board a party of marines, officers and men, who were returning to the Old Country; these were accorded a hearty cheer from the spectators, which was responded to as heartily by a regular "British one."

On Thursday four members of the N. W. M. P. passed through here by the express, having in charge a number of prisoners for Stoney Mountain. Among them were two blood Indians from Fort McLeod, named "Spicer" and "Had a wife" who were sent down for seven years for criminal assault on women.

Mr. and Mrs. R. R. Gallagher, of Montreal, are staying at the Grand View. Mr. Gallagher represents J. G. McKenzie & Co., wholesale dry goods, Montreal. It is this gentleman's intention to make Brandon his head quarters for the next six months. As he is well known to our business men, this will be pleasant news.

On Monday morning there was some excitement caused by three men who were the worse for liquor in front of the Queen's hotel. Officer Quippes appeared on the scene and undertook to arrest the parties. There was quite a struggle and at last with the assistance of a gentleman who was looking on. One of the parties was arrested, dumped into a passing wagon and taken to the police station.

Last week an occurrence took place in the city, which we trust will not be repeated. A reliable citizen informs us that two men had loaded one of Mr. Cope's carts, to such an extent that the horse could not draw it. They at once commenced to thrash the poor animal in such a manner that it ended with lying down dead. They have been discharged from Mr. Cope's employ.

For the week ending 31st October, there were more people booked to the Old Country by Mr. Patterson of the C. P. R. Ticket office, than any week this season. As the winter advances the number increases. All the Steamship lines are patronized some going by Allan, Dominion and Beaver lines from Montreal, others taking White Star, Inman, Allan-Steel or Canada line from New York. A sailing list of Steamship lines will be found in another column.

The Syndicate block is approaching completion fast, and even now presents an appearance equal to anything in the province for its size. Mr. Clubb, the architect, is to be congratulated on having built the handsomest block in the city, and one which can hold its own with anything in Manitoba. The brick work is finished and the roof will be completed this week. Mr. Story, who has the contract for the galvanized iron work, starts at this week. From the plans which we have seen it will be a very handsome piece of iron work and will add greatly to the already fine appearance of the block.

The Central School grounds are being put into order for the winter. When spring arrives it is to be hoped the School Board will have it in their power to beautify and fence these grounds. They might be made quite pretty by having lawn laid down, and flowers and shade trees planted in front, and the sidewalks to the school fenced in on each side and a punishment prominently punished if found inside these fences without the permission of the proper authorities. The land at the rear of the school is quite large enough for a play ground. The small portion in front should be used to beautify the place. At some of the large public schools in the Old Country a number of the school teachers take a great pride in their foregrounds which they cultivate themselves.

The man Parker, who gave a free lecture in the Roller rink on Tuesday night, disposed of a good number of his pens. Some persons said they had drawn sums ranging from \$1 to \$10.

Mr. Hesson's house on 18th street, has been very neatly painted by Mr. Frost. Mr. Frost came from Ontario lately; he is a very good workman and, judging from the work he has done, his master of his trade.

New subscribers this week are: J. A. Johnstone, baker and confectioner, Geo. Wood & Co., Dry Goods, W. Warner, bookseller & stationer, T. H. Hesson's residence & E. S. Phillips residence.

Change this week are: J. A. Johnstone, baker and confectioner, Geo. Wood & Co., Dry Goods, W. Warner, bookseller & stationer, T. H. Hesson's residence & E. S. Phillips residence.

Mr. F. Nation and Mr. D. G. Stewart, change this week are: J. A. Johnstone, baker and confectioner, Geo. Wood & Co., Dry Goods, W. Warner, bookseller & stationer, T. H. Hesson's residence & E. S. Phillips residence.

Geo. Wood & Co., who have opened up in Macdonald's block, have a splendid assortment of goods which are tastefully displayed. As they have a full line of dry goods, a fine store and show room up stairs, containing all the necessary articles both for ladies and gentlemen. All their goods are first class.

Alderman Bailey, Chairman of the Court of Revision, Alderman Graham, Chairman of Local Board of Health and Alderman Stewart, of Toronto, paid Brandon and their friend Mr. McKnight, contractor for the Sewers, a visit last week and enjoyed some shooting in the neighborhood. They were much pleased with the town and its prospects.

On Sunday evening two men who were out driving, drove into the sewer of 9th street. Some people supposed the cause was the want of prohibition. This was wrong as one of the gentleman explained. He said it was caused by "asthma" and that he had had to get some medicine for his complaint in the morning. Anti-prohibitionists will be glad to hear that the accident was not caused by whisky, but by some liquid medicine supplied for medicinal use.

The Banquet.

The banquet to the Hon. Mr. Daly will be held in the City Hall on Friday evening next. Every arrangement is made for a most entertaining event.

The best speakers in the Canadian Northwest will be present, and all the arrangements are complete. Reduced rates on all the railways. Tickets only \$2.50.

The Hospital.

An reporter, on paying a visit to the hospital this week, found that it had suffered some damage by the heavy wind which blew a fortnight ago last Monday. The large chimney on the northwest side of the building was blown down. It is broken off short at the base and remains as it has fallen almost intact on the roof, it is very lucky that no greater damage was done.

Inside, the matron, Miss McVicar, very kindly showed us the improvements that are going on. The staircase has been whitewashed which adds

greatly to its general appearance and several other improvements of minor importance have been finished. Miss McVicar and the nurses are kept very busy having no less than 28 cases of fever attended to, one of the worst cases being a nurse, who we are glad to say, is recovering. Everything is in the same state of order and neatness that it always will be as long as it remains under its present efficient management.

Miss McVicar asked us through the medium of the "Man" to thank Mrs. Thomas Green, for 5 jars of jelly and one of peaches, Mrs. Lovier, of Detroit, 25, Mr. Holland, 8 bushels of potatoes. The chair presented by the Hon. T. M. Daly, is certainly a beautiful one and will be of great service. Mr. Barclay made a very kind and acceptable present, in the paint for the floor for the nurses dining room.

BAD BOYS.

Last Thursday two boys were caught filling a bag with apples from a barrel at the store door of Whittle & Co.

The lads were caught and detained,

Chief of Police telephoned for, who arrested them and would have taken them

to the police station, but at the request of Whittle Bros, they were cautioned and taken to their houses instead. This should be a warning to all lads to keep their hands off fruit or goods displayed in front of the stores. Should others be caught as these boys were they will no doubt spend the night in the police station and come up before P. M. Todd, in the morning. From what we have heard a great deal of this kind of work is going on and the merchants are determined to stop it.

A MAN HURT ON THE WATER WORKS.

On Thursday morning a man named John Youresnick, who was working in the excavation for the waterworks, on 9th street, had his left knee put out of joint by the falling in of one of the banks. The injured man was taken to his boarding house and Dr. McDermid sent for.

The man is a German from Toronto and came up in the spring with Contractor Cuthro. He is an unmarried man and being a member of the Oddfellows, they are kindly taking care of him. Being a young man and having a good constitution, he will it is hoped, soon be at work again.

The Cavalry Troop.

To the Editor,

DEAR SIR.—I understand that the late visit of the popular D. A. G., Lieut.-Col. Villiers had, for its object the disbandment of the old 95th Co. and the establishment of a troop of cavalry in its place. Three troops are to be formed, viz: at Portage la Prairie, Brandon and Virden. These troops formed out of the proper material, of which there is abundance in the province, particularly in the places named, should be second to no volunteer cavalry in the Dominion; but great care must be taken in getting the right material. It should be borne in mind that it is easy for clerks in banks, offices or stores to join an infantry company and do their volunteering well, but should be able to ride well, and have a horse always at their command. Once in the troop the same horse should attend drill with the trooper, and in a short time he will become almost conversant with the trumpet calls as his master. This all tends to the efficiency of the corps and the tempers of the officers, instructors and men, are not constantly tried, by the troop being thrown into confusion, because of the wretched behavior of some animal who has spent the best part of his life at the plough or dray, and who has been hired for the few hours drill because the trooper has no use to procure one more serviceable.

That a troop of cavalry can be formed in the immediate neighborhood of Brandon there is no doubt, and out of material that should make it very hard to beat in any other part of the province. There is a large number of young men whose farming operations do not appear to monopolize a very large portion of their time. There are others who could easily spare a few hours a week. Many of these young men are good riders. I would suggest that the majority should be chosen from this class, men who know how to groom their horses and also how to put a saddle on without giving the animal a sore back. The example to be followed is that of the Yeomanry in England, and that stamp should be asked to join before recruits are taken from the city stores, offices, etc. I only make these suggestions thinking that they are for the best and for the reason that I should like to see the Brandon troop, second to none.

There is one thing more, I would suggest, and that is in regard to saddlery. The officers of the different troops, should if possible, recommend the government to adopt the same style of saddle that is used by the N. W. M. P. This saddle is much better adapted for this country than the English cavalry one, and having no steel about it is much easier to keep clean.

H. M. S.

BURGLARY AT THE PALACE HOTEL.

The Palace hotel was visited on Wednesday night last by some unknown parties who took the register from the bar-room, carried it into the hotel, and broke it in the rear of Ferguson's wholesale liquor store. It appears that Mr. McKinnon, the proprietor, and Mr. Burn, the bartender, closed up the bar room at the usual hour on Wednesday night and retired to bed about 1:30. The following morning when the porter entered the sitting room he observed the bar room door open. He immediately told Mr. McKinnon. An examination showed that the register, weighing about 125 pounds, had been carried away. This was found afterwards where we have said, rifled of its contents. Five silver bushels had been left in it the night before. The robbers gained admittance to the bar room by boring two three-quarter inch holes over the lock, which could then be thrust back by the fingers. The same night a rumor of other places were visited by the gang, but so far no robberies are reported. The porter at the Grand View, says several parties tried to gain admittance to that house early in the morning. The case is in the hands of Detective Foster, and if any one is able to bring the burglars to justice, it is that astute officer. It is to be hoped that he will be able to do so before long. A word of caution may not be unnecessary at this time. It would be well for all our citizens to see that the doors, etc. are securely locked before retiring.

A FAMILY FRIEND.

SIRS—I have used Dr. Fowler's Extract of Wild Strawberry in family for years and can highly recommend it for summer complaint, diarrhoea, cramps etc.
